

EARLY COLLEGE EXPERIENCE

AMBASSADOR PROGRAM INFORMATION SHEET

UConn Early College Experience continues to support and build a new cohort of enthusiastic UConn ECE Student Ambassadors each year. These students assist in the marketing and administration of the UConn ECE program at their high school, as they support their fellow students and the Site Representative to create a more seamless college experience for all.

As we continue to improve our new registration system, our ***Student Ambassadors will complete the registration process before August 28***, when we open live to the rest of UConn ECE community. This will provide an opportunity for Site Representatives to see the entire process with a student of their own. We will schedule calls with Student Ambassadors to assist in the process as needed.

Site Representative Benefits

The opportunity to have a student assist with UConn ECE registration, and to help present the benefits of UConn ECE to their fellow students, and high school community.

Site Representative Responsibilities

The main purpose of this program is to provide additional support to UConn ECE Site Representatives, therefore Site Representative responsibilities are minimal. They are:

- Select 1 or 2 Ambassadors (per guidelines below) who would be a good fit for the role and would represent UConn ECE in a positive manner.
- Submit a complete Ambassador Participation Package* to the UConn ECE Program Office by June 3, 2023.
- Utilize the Ambassador(s) to assist with marketing the program, and to assist you and their peers throughout the registration process. They must support you throughout the registration period by working with you and their peers on the registration process and any other UConn ECE related tasks.
- Sign off on a Verification Form in August, completed by the Ambassador, confirming the student fulfilled all of their responsibilities as an Ambassador. If all the responsibilities are not fulfilled, students will not be eligible to receive the Ambassador benefits listed herein.

Selection Process

High Schools with more than 150 students enrolled in UConn ECE courses may have up to 2 Ambassadors, and high schools with less than or equal to 150 students enrolled are eligible to have 1 Ambassador. Site Representatives will select their own UConn ECE Ambassador(s), confirm with the Ambassador(s) their interest and commitment to the role, and submit a complete Ambassador Participation Package* to the UConn ECE Program Office by June 3, 2023. All Ambassadors must have the following attributes:
