

UConn Common Curriculum (CC) Courses with Topics of Inquiry (TOI)

Prepared Summer 2025 for
UConn Pre-College Summer
UConn Early College Experience (ECE)
Workshop

To be used with:

- UConn Common Curriculum Worksheet
- UConn Common Curriculum – College of Liberal Arts and Science Requirements example

Notes:

- The UConn CC requirements include (1) TOIs and (2) Competencies
- Competencies requirements can be found on the Competencies Sheet
- Courses highlighted in yellow are UConn courses offered through UConn Early College Experience (ECE)
- The UConn Undergraduate Academic Catalog for the year in which a student matriculates is the official guidance on academic requirements, including the CC:
<https://catalog.uconn.edu/undergraduate/common-curriculum/>
- Once matriculated, student should work with their UConn academic advisor to select courses to fulfil Plan of Study (POS) requirements.

Common Curriculum

The Common Curriculum is UConn's general education curriculum. It provides academic breadth and depth with a set of intellectually rigorous and challenging courses that foster skills and attributes associated with leadership and global citizenship.

Every undergraduate student in a baccalaureate degree program in the University, on all campuses, must complete the Common Curriculum. The Common Curriculum requires students to complete six Topics of Inquiry and three Competencies. All students must complete a minimum of 40 credits of coursework approved for the Common Curriculum.

School and College Requirements

Some schools and colleges have additional requirements that students must complete. Students should review the requirements of their school or college's section of this catalog for details.

Topics of Inquiry

Students must pass at least three credits of coursework in each of the six Topics of Inquiry (TOI):

- [TOI-1: Creativity: Design, Expression, Innovation](#)
- [TOI-2: Cultural Dimensions of Human Experiences](#)
- [TOI-3: Diversity, Equity, and Social Justice](#)
- [TOI-4: Environmental Literacy](#)
- [TOI-5: Individual Values and Social Institutions](#)
- [TOI-6: Science and Empirical Inquiry](#) (at least one course must be a laboratory course designated as [TOI-6L](#))

Requirements

1. At least three credits must be passed in each Topic of Inquiry (many courses fulfill two TOI).
2. Students must also satisfy a Focus requirement by successfully completing either nine credits in a single TOI or nine credits within a [Theme](#).
3. Common Curriculum courses may be counted toward the major.
4. Including the Focus requirement, students must pass at least 21 credits of TOI courses.
5. The 21 credits of TOI courses must be from at least six different subject areas as designated by subject code (e.g., ANTH). For cross-listed courses, students may count any subject code under which the course is offered toward this requirement regardless of the subject code under which they register for the course.
6. Students must complete at least one laboratory course designated as TOI-6L.
7. No more than six credits with the INTD prefix may be elected by any student to meet the Common Curriculum Requirements.

Themes

To satisfy the Focus requirement of the Common Curriculum, students may take nine credits within a set of courses that comprise a faculty-designed Theme spanning multiple disciplines. Themes are optional; if a student does not wish to complete a Theme, they may still satisfy their Focus requirement by completing nine credits in a single Topic of Inquiry. See [Approved Themes](#) for details of available Themes.

Theme Guidelines

- Themes may contain more than three approved courses, but students are required to complete only nine credits of approved courses to satisfy a Theme.
- There are no restrictions on which courses within a Theme students can or must take. The courses can be at any level or in any combination of Topics of Inquiry.
- Themes do not appear on student transcripts or diplomas.
(Writing through Literature is a prerequisite to all writing-intensive courses).
